

DEPENDABLE HEAT ALL OVER THE HOUSE WITH ECONOMY

## June Comfort *on every zero morning*

Out the window this morning, you saw the snow melting. Yes, bitter winter is going, but not for good. It is only vacationing. A few short months of warmth and it will be back.

Now, while your memories of zero days are vivid, guard against another winter like the last.

Investigate heating equipment. You will find that with Capitol Boilers and United States Radiators you are given the most definite assurance of heating comfort for every room. No other boiler is easier to operate. No other requires less fuel.

This is the logical time to have a new heating system installed. Consult your contractor. Write for a free copy of our illustrated booklet, "A Modern House Warming." Determine now that next winter you will have June comfort on every zero morning.
